We specialise in equestrian holidays and training holidays with British Horse Society accredited coach and Side Saddle Association Advanced Instructor Clare Simper providing training packages for all levels of ability both side saddle and astride.

You can book into Stable Cottage and book your horse into our stables or grazing. Or alternatively why not have side saddle lessons on our schoolmaster?

Stable Cottage is ideal for a couple or family of up to four but can sleep up to six, having two bedrooms with double beds and having a sofa bed downstairs. After a good day in the saddle you will be able to enjoy a nice hot bath followed by cosy evenings in by the woodburner, or you could go out to the excellent local pub or one of the many brilliant restaurants in nearby Woodbridge.

This is also an ideal place to come for a retreat in the country, riding, walking and birdwatching by the river. As well as our interest in horses, we are very much a part of life on the river and you are very welcome to take a charter trip with us on one of our historic sailing boats.
